### Erasmus+ Staff Mobility Program

The Erasmus+ Staff Mobility Action program enables academic staff from HUJI to conduct a short teaching visit at one or more of our [European partner universities](#) (listed below). The program aims to provide academic staff with the opportunity to share expertise, experience different teaching environments and acquire new, innovative pedagogical and curriculum-oriented design skills, as well as digital skills. Furthermore, participants are encouraged to develop common activities with their colleagues abroad, thereby enhancing cooperation between higher education institutions.

### Teaching Requirements

Teaching can take on a variety of different formats, such as guest presentations in local courses related to expertise, workshops for graduate/doctoral students, one-on-one supervision, public lectures, etc.
